PUBLIC FUNDING SOURCES

The following is a non-exhaustive list of the public funding sources mentioned in interviews conducted by Learning for Action with leaders from twelve California-based youth organizations.

- <u>Elevate Youth CA</u> public-private partnership to distribute millions of dollars of Prop 64 (Adult Marijuana Act) public funds
- <u>The California Partnership for the Future of Learning (futureoflearningca.org)</u>. \$4.7B in community schools funding, \$3B is Expanded Learning Opportunities Program (after-school).
- <u>The Center Receives Additional \$16.3 Million to Support Youth Suicide Prevention in California</u> - <u>The Center at Sierra Health Foundation (shfcenter.org)</u>
- <u>Transforming LA through Partnership</u> aims to increase community access to needed services by building the capacity of trusted, smaller organizations to compete for and obtain LA County Department of Mental Health contracts.
- <u>Tri-City Community Wellbeing grants</u> grants of up to \$10,000 to fund a project that enhances the mental and emotional wellbeing of residents in Claremont, La Verne and Pomona.
- <u>California Youth Behavioral Health Initiative:</u> \$369M evidence-based practices grants- Round 4 is youth-driven programming
- <u>The California Children's Trust Initiative: Financing New Approaches to Achieve Child Well-</u> <u>Being</u> (July 2019) lists federal and state sources.
 - Federal (page 5): Medicaid 1915(b) and 1115(a) Waiver Renewal Opportunities;
 Enhanced Federal Matching Funds Available for Data Sharing; The Social Impact
 Partnerships to Pay for Results Act (SIPPRA); Integrated Care for Kids (InCK) Model
 - State (page 8): Mental Health Services Act (MHSA) (Proposition 63); Proposition 64 (Cannabis tax); Mental Health Plan (MHP) financing reforms
 - Evidence-Based and Community-Defined Evidence Practices Grants: On March 8, 2024, the Department of Health Care Services (DHCS), in partnership with the Mental Health Services Oversight and Accountability Commission (MHSOAC), awarded \$67 million to 99 organizations, across 30 counties, to scale early intervention programs and practices that provide mental health and wellness services to children, youth, and young adults in California.
- The California Children's Trust <u>Youth Supporting Youth</u>: Implementation of SB 803, beginning in July 2022 – opportunity for expanding school-based peer-to-peer programs to youth ages 14 – 17- <u>Youth Supporting Youth: Expanding Peer-to-Peer Programs to Address the Growing</u> <u>Youth Mental Health Crisis</u>
- Expansion of Youth Access Criteria for California's Medicaid Family Therapy Benefits
- <u>New Provider Classifications under Medi-Cal</u>: New classifications include: Peer-to-Peer Certification; Behavioral Health Coaches in schools; Community Health Outreach Workers/Promotores; Doulas
- <u>YouthSource Centers Peer Specialists</u>: One of four new provider types in MediCal. LA Workforce Board is starting to invest federal training dollars in this work and could be a new public funding source worth exploring.
- <u>Ready to Rise</u>: Multi-million dollar public-private partnership between Liberty Hill Foundation, the California Community Foundation and the Los Angeles County Probation Department
- Youth Forward: <u>Resources</u>
